Dr Garg is an experienced Respiratory & Sleep physician and with close to two decades of experience in the field across different regions. He has been responsible for setting up and running the Respiratory & Sleep Medicine services in large teaching hospitals. As the founder president of the South East Asian Academy of Sleep Medicine he played a pioneering role in the emergence of sleep medicine in the region. He has been part of many research projects and has published widely. He has been actively involved in teaching. He has recently relocated to the Gold coast and available for consultation here.

He was responsible for setting up and running a Respiratory & Sleep Medicine service in Gurgaon, India's 'Medanta- The Medicity', which is the largest hospital in the region and has been consistently rated as the best referral hospital in the Indian subcontinent. He has worked across different geographies gaining rich clinical and cultural experience along the way. Up until recently, he was the staff specialist at the Royal Darwin Hospital.

Dr Garg has a special interest in:

- Asthma
- COPD
- Sleep Disorders
- Respiratory Infections
- Occupational lung disorders
- Lung cancer
- Lung function testing
- Bronchoscopy service
